Features and Benefits

Instagram features a number of functions to help your child manage who can see their content and how they interact with others. They can also use the reporting function to flag content that breaks community guidelines and upsets them.

What specific content can I restrict?

Chatting

Innapropriate content

Privacy and identity theft

Social networking

What do I need?

A Instagram account (username and password) and the app

Instagram

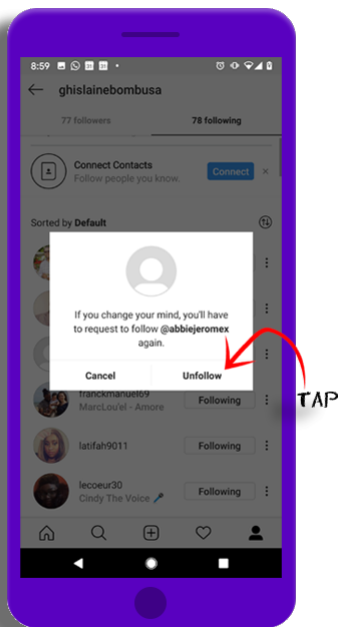

- Set account to private From your account, tap . Tap “Settings”. Tap “Privacy” and then “Account privacy”. Then swipe to toggle the feature on.

Instagram

Unfollow a user Go to your profile and tap 'Followers' at the top of the screen. Select the follower(s) you wish to remove by tapping on the Following button. You can also unfollow an account by going directly to their profile and tapping "Following". They will not be notified but they will no longer see your posts.

Choose Close friends settings Remember that—even if you have a private account—there are ways to post that are even more selective. You can use the “Close Friends” setting on stories so that only certain people see them. People who are unable to see the story won’t know that they are missing something. To create your close friends list using the Instagram app: Tap  in the bottom right. Tap  in the top right. Tap “Close Friends”, then tap “Suggestions” at the top. Tap “Add” next to the people who you want to add to your close friends list. You can also tap “Search” to search for a friend - tap “Done” when you’ve finished adding people to your list. Visit [Instagram help](#) for more support
