Reflection Time

'I can do all things through Christ who strengthens me.'

Philippians 4:13

This week in our worship, we talked about serving by giving our best as we start a new school year. We talked about plants and how secure roots enable the plant to flourish. As this academic year begins, we can compare ourselves to the roots of a plant. All of the things we have learnt in our year groups—how we have made friends, become involved in clubs and activities, and received advice from family members—are like roots that are already anchored into the ground. As we begin the year, we need to keep growing these roots to make sure that they become even stronger.

This week in our Picture News, we looked at the news that over the summer, many protests took place in England and Northern Ireland. Some of these became violent and turned into riots, which caused a great deal of damage to cars and buildings. It is thought that a lot of the protestors involved were encouraged by misinformation spread online. Following the protests, communities in many towns, including Middlesbrough, organised clean-up efforts that united people from all faiths and races. The children considered the question: "How can communities help each other in times of difficulty?" Our 'Picture News at Home' can be found on the last page of this newsletter.

How can communities help each other in times of difficulty?

Things to talk about at home ...

- > What does community mean to you? How would you describe your local community?
- > Can you think of a time when you have either helped or been helped by your local community?
